Dear Sir/ Madam

Request letter

Jehovah Jirah Orphanage Centre (JJOC) is a non-profit organization that is situated at 1186 Block GG, Soshanguve 0152, Pretoria. JJOC was established in June 2003 in the response to the increasing number of the children affected by HIV/AIDS (orphans). We started by home care/home visit to seven (7) children three times a week and giving them whatever was available, and sometimes the coordinator taking them home with her. Now we have 35 children whom we love deeply. The Orphanage has been running since 2003 without any solid sponsors. This year marks our 20 year anniversary making a difference one child at a time and we are grateful.

With the above mentioned, we are kindly requesting donation of grocery:

Below is grocery list for Jehovah Jirah Orphanage Centre:
